

CHILDREN EDUCATION WORKSHOPS

We promote programs that build stronger bonds between police and the children in the community, with special emphasis on youth development, child protection and education.

A POLICE OFFICER IS A FRIEND

Using the Illustrated Children's Book "Let's Meet Officer Frank" by Police Officer Frank Caruso of the Irvine, California Police Department, the NYC Verrazano 10-13 Association goes to various local pre-schools to educate the children about the interaction of the Police and their role in the community.
